ENVIRONMENTAL POLICY

Interno Company recognizes and respects the importance of the environmental and its goal of preventing any environmental damage. As a leading service provider, we will act in accordance with the legislation.

To deliver on our commitment, we will:

- Announce & distribute the Interno Company Environmental Policy and procedures to all employees and subcontractors as appropriate to ensure that they are aware of their responsibilities in relation to compliance with environmental practices.
- Comply with all applicable environmental laws, regulations and statutory obligations.
- Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials and other resources, particularly those that are non-renewable,
- Prevent pollution by striving to minimize waste generation and resource consumption.
- Ensure that INTERNO COMPANY environmental management systems meets ISO 14001 requirements and are integrated into our business activities.
- Provide training & updated awareness in good environmental practices to all employees & encourage them in environmentally friendly activities.
- Strive to eliminate or minimize adverse environmental effects and risks.
- Periodically review and revise our Environmental Policy and procedures to maintain their relevance.

Eileen Rassam, General Manager
